Limitations and Conditions :

1. This approval should not be extended to other aircraft of this model on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will produce not adverse effect upon the airworthiness of this aircraft.
2. If the holder agrees to permit another person to use this certificate to alter the product, the holder shall give the other person written evidence of that permission.
3. Airplane Flight Manual Supplement No. 3725-1001-00FG is part of this STC.
4. Instructions for Continued Airworthiness Supplement No. 3725-1008-00ZR is part of this STC.
5. This STC is limited to 7000 cycles. Removal of this limitation requires CAAI approval of the Damage Tolerance Analysis and the Airworthiness Limitations Section (ALS) of the ICA.
6. Each structural repair of this installation requires CAAI approval, until the Structural Repair Manual (SRM) is approved.

Certification Basis:
